Railroad Bonds.

THE

UNION PACIFIC

Railroad Co.

Are now constructing a Railroad from

Omaha, Nebraska,

Westward towards the Pacific Ocean, making, with its connections, as valuable a line

ACROSS THE CONTINENT.

The Company now offer a limited number of their

FIRST MORTGAGE BONDS,

Bearing thirty years to run, and bearing annual interest, payable on the first day of January and July, in the City of New York, at the rate of

SIX PER CENT IN GOLD,

At Ninety Cents on the Dollar.

This road was completed from Omaha 247 miles west on the line of the Platte River, and is fully equipped, and trains are regularly running over it. The Company have also on hand sufficient iron, ties, etc., to finish the remaining portion to the eastern base of the Rocky Mountains, 517 miles, which is under contract to be completed by the first of October next, and it is expected that the entire road will be in running order from Omaha to its western connection with the Central Pacific, now extensively built eastward from Sacramento, Cal., during 1868.

Means of the Company.

Estimating the distance to be built by the Union Pacific to be 1,000 miles, the United States Government issues its six per cent Thirty-year Bonds to the Company at the rate of $16,000 per mile, amounting to $16,000,000. The Company is also entitled to receive from the United States a large quantity of land on each side of the road, which, at the average rate of sales of the lands already granted by the Government, will be worth $10,000,000, making the total resources, exclusive of the earnings of the road, $26,000,000, but the full value of the lands cannot now be realized.

The authorized Capital Stock of the Company is one hundred and ten millions of dollars, of which one hundred and one millions have been issued, and of which $23,000,000 already have been paid in, and on which it is not supposed more than seventy-five millions at most will be required.

The cost of the road is estimated by competent engineers, to be about one hundred millions dollars exclusive of equipments.

Prospects for Business.

The railroad connection between Omaha and the East is now complete, and the earnings of the Union Pacific on the recent increase of business, for the month of May, were $60,000. In less favorable months, as the road progresses, will touch more than pay the interest on the Company's debts, and the through business now over the Central Pacific must be immense.

Value and Security of the Bonds.

The Company respectfully submit, that the above statements set forth fully demonstrate the security of their bonds, and as additional security they would suggest that the Bonds now offered are less than ten millions dollars on 247 miles of road, on which, over twenty millions dollars have already been expended; on the completion of the road the cars are now running, and the remaining 197 miles are nearly completed.

As the proceeds of the sales of bonds on these bonds pay an annual interest on the present cost, of

Nine per Cent,

And it is believed that on the completion of the road, the the Government bonds, they will go above par. The Company reserve to set back a limited amount of bonds at par, and intend to advance the price as their option.

Subscriptions will be received in New York by the Continental National Bank, No. 7 Nassau-st.; Clark, Dodge & Co., Bankers, 51 Wall-st.; Fisk & Hatch, Bankers, No. 32 Pine-st.,

And by BANKS and BANKERS generally, throughout the United States, of whom maps and descriptive pamphlets may be obtained. They will also be sent by mail from the Company's Office, No. 20 Nassau-st., New York, on application. Subscribers will select their own agents in whom they have confidence, who alone will be responsible to them for the safe delivery of the bonds.

JOHN J. CISCO, Treasurer, New York.

Subscriptions will be received in Chicago by GEO. C. SMITH & BRO., Bankers, 31 Dearborn-st.

For Pamphlets, Maps & Circulars, apply at the Company's Office, 20 Nassau-st., New York, or at 31 Dearborn-st., Chicago.

HOWLAND & ASPINWALL, Agents.

TUESDAY, JULY 16, 1867.

## THE CITY.

FIRE-MAN.—Mr. James H. Field, who fill about a year since, filled for a long time the local editorial chair of the Chicago Journal, has resumed the duties of his old position.

A RAIN.—The police of the First Precinct made a raid on ladies found in houses of ill-fame on Clark street last night, and succeeded in the arrest of four. They were taken to the Armory, and released on bail to appear this morning. Their names were not ascertained at the Police Court this morning.

FIRE.—At six forty hour in the afternoon yesterday fire was discovered in a pile of hay in a barn at the rear of No. 199 Sola street. The barn, with its contents, was owned by George Landels and occupied by W. J. Hooper. The loss was partial.

ENGINEERS' SUMMER RACE COURSE.—A meeting of this organization will be held at the rooms on Randolph street this evening, at which the Secretary's report will be read, the subscription list closed, and the prizes awarded. It is expected that all the members should attend.

CHARGED WITH THEFT.—A collision occurred yesterday morning at Randolph street bridge, between a cart loaded with coal and a street car, the driver of the former being thrown off his seat by the accident by coming in such a way as to get away. The boy was arrested, and charged with stealing the horse being claimed to be his property. The horse was released on bail, and the boy sent to the station-house to await his trial.

THE TIME.—To-morrow afternoon fixes will be an exciting test for a purse of $250, mile heats, three in five to harness, on the Dexter Course. The following horses are entered for the purse: J. H. Gallagher names G. P. Bissell Charley. J. C. Skinner names b. m. Jeff Davis. J. W. Colvin names b. m. Lady Alice. Hodges names b. g. Bay Billy. A. Andrews names b. m. Jessie. H. McCarthy names b. m. Sapphire.

NEW RAILROAD UNDER DISCUSSION.—It is understood that the Pittsburgh, Fort Wayne & Chicago and the Chicago, Alton & St. Louis Railroad Companies who contemplate the erection of a mammoth passenger depot during the next season, at a cost of a million or two dollars and five additions of Fulton. It is proposed to build the structure of stone, at the corner of Kinzie and Canal, or in Fulton, on both, and establish a branch on Canal to accommodate two blocks.

THE PRIMED ACCIDENT.—It is understood that the society of Plymouth Congregational Church will soon take up a collection on said behalf for the benefit of Amelia Summer, whose history in their former case proved so touching as to call forth the sympathies of all who heard it. It is proposed to raise a sum sufficient to place her in such a position that she will be able to bear the misfortune of her family. Of course there will be nothing said about it.

SALE OF REAL ESTATE.—An auction sale of real estate was made yesterday afternoon by Butters & Co., at their office, which was numerously attended. The following was sporting of lots on the north side of Lake street, a few specimens, the lots being about 25 feet deep.

Corner of Elizabeth street and Wisconsin avenue, $45 per foot; inside lots, same depth, averaged about $30 each. Lots adjoining, $25 each. Corner Wisconsin avenue and Lake street, $60 per foot; inside lots, some depth, averaged about $30 each. Lots adjoining, $25 each. Corner of Dearborn place and Vernon avenue, $61 per foot; inside lots, same depth, $30 each.

TO RENT.—We call the attention of parties in want of a residence to the fact that the house No. 3 Reaper street is offered for rent, with or without furniture, on application at the premises. It is a brick house, in well-finished repair, and in a locality very desirable for residences. It fronts east on Union Park, has a large yard and is but two blocks from the cars on Randolph street and West Division. The rent is about $1,000 a year. Any party wishing to look at the premises with a view to renting can do so by inquiring of R. E. Lewis, No. 205 South Water street, up stairs.

IN CHARGE OF LAKE SUPERIOR.—The well-known steamer Captain George Davis, having been all ready for a grand pleasure excursion on Saturday next at Ogdensburg, in the evening, to the north and south shores of Lake Superior, calling at Marquette, Ontonagon, Bayfield, Isle Royal, and other points of interest, giving ample time for visiting the mines and copper regions. A good opportunity is offered to those wishing to escape the dust and heat of the city, to enjoy a delightful trip. Tickets may be had of the Secretary of Lake Superior, while those who have an eye to business can secure berths. Parties who intend to accompany the excursion will be able to investigate for themselves the opportunities there offered for business, and the facilities for reaching the mines may be learned at A. Tyler, Esq., Superior bridge, or to Alex Brothers, Nos. 89 and 91 South Water street, Chicago.

CHURCH RESOLVERS LOST AT ANCTION.—Parties wishing to invest in real estate, for either residence or speculative purposes, are invited to attend the sale that Messrs. Clark, Layton & Co. will sell, at auction, on Wednesday next, on Sixteenth street, commencing at 10 o'clock this morning, a lot, under or the large valuable building lots now offered for sale. The property is situated on the corner of No. 366 and Twelfth avenue, in a locality which is rapidly building up, and which, within twelve or fifteen months, will be made by the railway running within one block of every house in the city. The lots are 25 feet front by 100 deep, so that purchasers will be able to build dwellings, as the property will be sold subject to a building restriction, which will prevent any one from erecting a building on the property for less than $2,000. The sale will take place on the premises, and by the terms will be cash.

THE REACH OF PRIMED CAT.—The anecdotes found made in our columns yesterday that a prominent grain warehouseman in this city had been found for breach of promise, and had been obliged to blubber out his better half at one hundred thousand dollars, paused a great excitement, and others came to the conclusion that the gentleman referred to who is obliged to pay the piper is the one who is responsible and the proceeding is a sham. But several items received at the Police Court yesterday show that the matter is not a joke after all, but that there are some other parties who have been victimized in the same way. Mike Stapleton, now lurker on Canal street, and Wallace Hall, of the Tenth ward, were arrested, charged with the crime of breach of promise, and taken before Justice Summers, where they were bound over to appear at the Criminal Court in the sum of $500 each. It appears that Mike has been paying attentions to a young lady who resides on Canal street, near Twelfth, and that Wallace has been doing the same thing. Both of the young men are single, and both are desirous of getting married, but they have not been able to agree as to which shall have the lady. Hence the trouble. Mike is the wealthier of the two, and Wallace has threatened to marry the girl in spite of him. Mike has threatened to prevent the marriage by prosecuting Wallace for breach of promise, and Wallace has threatened to marry the girl in spite of Mike. Both have been bound over to appear at the Criminal Court in the sum of $500 each. Mike is worth $100,000, and Wallace is worth $50,000. Mike is 50 years old, and Wallace is 30. Mike is married, and has a family, but says that he is not living with his wife. Wallace is single. Mike is a native of Ireland, and Wallace is a native of Chicago. Both are Democrats. Mike is a member of the Democratic Club, and Wallace is a member of the Democratic Wide-Awakes. Mike is a Catholic, and Wallace is a Protestant. Mike is a hard-working man, and Wallace is a gentleman of leisure. Mike is a man of family, and Wallace is a man of none. Mike is a man of property, and Wallace is a man of none
